Zilyarová Ctibor Hladký

CZECH REPUBLIC -
CORPORATE LAW FIRM OF THE YEAR

“The lawyers of ZILYAROVA CTIBOR HLADKÝ strongly defend crucial points and deliver a win position for the clients while meeting agreed deadlines.” - Jiri Ctibor

ZILYAROVÁ CTIBOR HLADKÝ is a renowned middle-sized law office which focuses on providing legal services to entrepreneurs in all branches of law related to business activities in the Czech Republic.

Since its establishment in March, 2005, ZILYAROVÁ CTIBOR HLADKÝ has won a reputation as a reliable law office which compares favorably

with both international law office and the biggest Czech law offices.

According to Jiri Ctibor, ZILYAROVÁ CTIBOR HLADKÝ provides fast, free work and first-class service which is acknowledged by the clients.

“The partners have a direct contact with the clients and understand the economic aspects of the clients’ activities and their specific needs.”

The lawyers of ZILYAROVÁ CTIBOR HLADKÝ are diligent, knowledgeable and experienced. Mr Ctibor explained that the clients usually say that the drafts provided are easily readable, mistake free and mirroring all the facts available.

“The lawyers of ZILYAROVÁ CTIBOR HLADKÝ strongly defend crucial points and deliver a win position for the clients while meeting agreed deadlines. The lawyers of ZILYAROVÁ CTIBOR HLADKÝ seek solutions that are advantageous for clients but also fair for the counterparty.” he added.

Mr Ctibor also pointed out that corporate legislation in the Czech Republic is not concentrated in one law.

He said: “There are several laws of various qualities covering corporate law. The laws were however updated to the European standards in recent years. The Czech corporate law was originally inspired by the German and Austrian law.”

Indeed, the limitation of damages is still highly questionable which makes any international transaction difficult to understand for the foreigners. To avoid this problem and the risks connected therewith, many transactions are subject to the western laws.

As most of ZILYAROVÁ CTIBOR HLADKÝ’s clients are part of international groups, the firm used to provide services meeting the highest expectation of the foreign clients.

“We also directly represent international clients in the business in the Czech Republic usually working with the clients’ national law offices.” Mr Ctibor concluded.
